

“As our student readers move through the grades, they face two distinct challenges: they must learn to self-regulate—becoming increasingly independent as they read—and they must succeed in comprehending text as the demands on their reading become increasingly complex. Metacognition helps on both these fronts.”

*Dr. Peter Afflerbach*

# Table of Contents

Introduction . . . . .	5
<b>Chapter 1</b>	
<b>Metacognition and Student Reading . . . . .</b>	<b>9</b>
The Path to Reading Independence	
Examining Our Own Metacognition	
Developing an Inner Guiding Voice	
Two Distinct Challenges	
<b>Chapter 2</b>	
<b>Helping Students Become Metacognitive Readers . . . . .</b>	<b>33</b>
Classroom Environments and Practices That Foster Metacognition	
Metacognition in Action	
<b>Chapter 3</b>	
<b>Using Checklists to Develop Metacognition . . . . .</b>	<b>67</b>
Using Checklists to Reach Reading Goals	
Checklists for Fostering Metacognitive Readers	
Developing Checklists to Support Metacognitive Readers	
<b>Chapter 4</b>	
<b>Using Rubrics to Develop Metacognition . . . . .</b>	<b>95</b>
Using Rubrics to Reach Reading Goals	
Rubrics for Fostering Metacognitive Readers	
Developing Rubrics to Support Metacognitive Readers	
<b>Concluding Thoughts . . . . .</b>	<b>119</b>
<b>Appendix . . . . .</b>	<b>122</b>
