Acknowledgments . . . . .	xi

## **INTRODUCTION The Importance of Behavior Intervention 1**

What Is Behavior Intervention? . . . . .	1
Individual Intervention Within a Multi-Tiered System of Support for Behavior (MTSS-B) . . . . .	4
Changing the Culture . . . . .	5
Creating a Continuum of Supports . . . . .	7
<i>Tier 1. Universal Supports for All Students</i> . . . . .	8
<i>Tier 2. Targeted Supports for Some Students</i> . . . . .	9
<i>Tier 3. Intensive Supports for a Few Students</i> . . . . .	10
Book Organization . . . . .	13
References . . . . .	17

## **SECTION 1 Establishing a System for Individualized Intervention 19**

Task 1. Assess the organization and efficacy of staff and teams working on the behavioral aspects of MTSS . . . . .	20
<i>Step 1. Assess the current status of your building’s universal behavior support practices</i> . . . . .	20
<i>Step 2. Clarify the organizational framework and purpose of existing MTSS-B teams</i> . . . . .	21
Task 2. Establish one or more teams to engage in problem-solving for individual students . . . . .	30
<i>Step 1. Identify the interventionists and behavior problem-solving teams that already exist     within your building</i> . . . . .	31
<i>Step 2. Specify how your problem-solving team should function</i> . . . . .	32
<i>Step 3. Set a meeting schedule for each problem-solving team</i> . . . . .	36
<i>Step 4. Write job descriptions for all interventionists and teams</i> . . . . .	36
Task 3. Develop processes for identifying students in need of additional behavior support . . . . .	37
<i>Step 1. Identify a set of red-flag indicators</i> . . . . .	37
<i>Step 2. Develop a process for teachers to request assistance</i> . . . . .	40
<i>Step 3. Consider implementing universal behavior risk screening</i> . . . . .	40
<i>Step 4. Establish a process for regularly reviewing red-flag indicators and     teacher referrals</i> . . . . .	44
Task 4. Develop a support coordinator program . . . . .	45
<i>Step 1. Identify staff members in your school who can serve as support coordinators for     identified students</i> . . . . .	45
<i>Step 2. Create a process for assigning support coordinators to identified students</i> . . . . .	46
<i>Step 3. Outline the specific responsibilities of a support coordinator</i> . . . . .	46
<i>Step 4. Plan to meet with support coordinators regularly and keep clear, detailed records of     all students</i> . . . . .	48

Task 5. Develop a menu of ready-to-use interventions . . . . .	49
<i>Step 1. Identify the ready-to-use interventions already in place within your building and select new interventions to develop or adopt</i>	50
<i>Step 2. Identify staff who will coordinate ready-to-use interventions, and outline their responsibilities for implementation</i>	53
Task 6. Establish processes for responding to Code Red situations . . . . .	54
<i>Step 1. Adopt policies for documenting Code Red situations</i>	54
<i>Step 2. Develop policies for responding to unsafe or severely disruptive behavior</i>	55
<i>Step 3. Develop policies regarding threats of targeted violence in schools</i>	57
<i>Step 4. Establish a threat assessment team</i>	60
<i>Step 5. Clarify procedures for systematically responding to threats</i>	67
<i>Step 6. Create a plan to conduct threat awareness sessions for staff and students</i>	73
Task 7. Coordinate training and ongoing professional development support for interventionists . . . . .	75
Task 8. Plan to monitor implementation fidelity of your building’s classroom management practices, early-stage intervention strategies, and menu of ready-to-use interventions . . . . .	80
<i>Step 1. Select a method of assessing fidelity</i>	81
<i>Step 2. Using measurable terms, define what “good” fidelity means</i>	81
<i>Step 3. Create a schedule for monitoring fidelity</i>	82
<i>Step 4. Make a plan to provide fidelity support as needed</i>	83
Task 9. Assess system outcomes and continuously look for opportunities to improve . . . .	84
<i>Step 1. Plan to assess intervention participation and outcomes</i>	84
<i>Step 2. Continuously identify opportunities to better meet the needs of your students</i>	84
Section Summary . . . . .	88

**SECTION 2 Embedding a Problem-Solving Model into Each Tier of Support 105**

A Consistent Problem-Solving Framework . . . . .	106
Applying the Problem-Solving Model Across All Tiers of Support . . . . .	109
Initiating Individual Problem-Solving Efforts . . . . .	111
Assigning a Support Coordinator . . . . .	111
Stage 1 Problem-Solving . . . . .	112
<i>Coordinating Enrollment in Existing, Ready-to-Use Interventions</i>	112
<i>Summary of Stage 1 Problem-Solving</i>	114
Stage 2 and Stage 3 Problem-Solving . . . . .	115
<i>The Teacher Interview</i>	115
<i>Summary of the Teacher Interview</i>	147
<i>The 25-Minute Planning Process</i>	157
<i>Summary of the 25-Minute Planning Process</i>	180
<i>The Multidisciplinary Team Planning Process</i>	191
<i>Summary of the Multidisciplinary Team Planning Process</i>	215
Section Summary . . . . .	216
References . . . . .	231

**SECTION 3 Designing an Effective Behavior Intervention Plan 233**

What Are the Components of a Behavior Intervention Plan? . . . . . 234

How to Build a Behavior Intervention Plan . . . . . 236

Task 1. Clearly define target behaviors and goals in objective, measurable terms . . . . . 238

*Step 1. Objectively describe problematic behavior 238*

*Step 2. Objectively describe appropriate/replacement behaviors 244*

*Step 3. Specify measurable goals for both the problematic and the appropriate  
    replacement behaviors 247*

Task 2. Select antecedent intervention strategies . . . . . 248

Task 3. Identify teaching intervention strategies . . . . . 252

Task 4. Identify positive consequence intervention strategies . . . . . 257

Task 5. Identify corrective consequence intervention strategies . . . . . 261

*Step 1. Categorize problem behaviors and define limits 261*

*Step 2. Select corrective consequence intervention strategies 264*

Task 6. Identify interactional strategies . . . . . 276

*Step 1. Determine baseline ratio of positive to corrective interactions (optional) 277*

*Step 2. Select strategies to increase noncontingent positive interactions and  
    school connectedness 282*

Task 7. Describe other group interventions, academic supports, accommodations,  
or specialized intervention strategies to include in the student’s plan . . . . . 287

Task 8. Specify procedures for collecting data and monitoring progress . . . . . 289

*Step 1. Select a data collection method 289*

*Step 2. Determine how to summarize and interpret data 298*

Task 9. Make a plan to monitor and ensure implementation fidelity of the plan . . . . . 303

*Step 1. Identify a method for monitoring and evaluating implementation fidelity 303*

*Step 2. Make a plan to encourage good implementation and provide follow-up support  
    as needed 305*

Section Summary . . . . . 310

References . . . . . 316

**SECTION 4 Specialized Intervention Strategies 321**

Behavioral Contracting . . . . . 322

Structured Reinforcement . . . . . 344

Self-Monitoring and Self-Evaluation . . . . . 373

Behavior Emergency Planning . . . . . 406

Managing Emotional Escalation . . . . . 433

Supporting Students with Internalizing Challenges . . . . . 469

**APPENDIX B Reinforcer Checklist for Elementary and Secondary Students 551**

# STRATEGIES

## **Foundational Intervention Strategies**

<i>Antecedent strategies</i>	248
A. Change assigned seating.	248
B. Change work requirements.	249
C. Provide breaks.	249
D. Change expectations or procedures.	250
E. Offer viable choices.	250
F. Use precorrections.	250
G. Increase opportunities to respond.	251
H. Increase monitoring and supervision.	251
<i>Teaching strategies</i>	252
I. Re-teach classroom expectations.	253
J. Provide demonstrations and modeling.	254
K. Provide positive practice and feedback.	254
L. Provide opportunities for verbal practice.	255
<i>Positive consequence strategies</i>	257
M. Deliver praise and specific feedback.	257
N. Offer rewards.	258
O. Send positive news home.	258
<i>Corrective consequence strategies</i>	261
P. Ignore misbehavior.	264
Q. Reduce peer attention.	266
R. Use gentle verbal reprimands or warnings.	266
S. Assign time owed.	267
T. Assign in-class timeout.	267
U. Assign out-of-class timeout.	268
V. Revoke a privilege.	270
<i>Interactional strategies</i>	276
W. Increase the frequency of noncontingent positive attention.	282
X. Assign a meaningful duty or responsibility at school.	283
Y. Encourage and facilitate the student's participation in clubs, after-school activities, and other school events.	283
Z. Connect the student with an adult or peer mentor at school.	283

## **Specialized Intervention Strategies**

1. Behavioral Contracting	322
2. Structured Reinforcement	344
3. Self-Monitoring and Self-Evaluation	373
4. Behavior Emergency Planning	406
5. Managing Emotional Escalation	433
6. Supporting Students With Internalizing Challenges	469
