## Webber® Photo Cards

## Story Starters

**Webber® Story Starters Photo Deck** contains 134 extra large (4" x 6") cards that will prompt students of all ages to tell or write a story. The 67 vertical and 67 horizontal photos are color-coded for easy sorting. *Story Starters* is ideal for helping students improve their writing, storytelling, describing, questioning, inferencing, and thinking skills. To play, simply shuffle the cards, and have your students choose a photo card. Then, have them write or tell a story about their card. Here are some more game ideas.

1. **The Write Question:** Give one photo card to each player. Each player takes his/her picture card and writes three "WH" questions (Who, What, When, Where, & Why) for the photo card. Take turns allowing players to show their photo cards and ask the questions they wrote. Other players use the photo to answer the questions. Give one point for each question that matches the card. Player with most points wins!
2. **Sentence Constructors:** Shuffle the deck and place facedown in a pile. Player One takes a card and writes a sentence about what is happening in the photo. Player must have a subject and a verb for his/her sentence to be correct. Play continues in turn. Player with the most points wins!
3. **Art Adjectives:** Shuffle the deck and place facedown in a pile. Player One takes a card and says/writes an adjective-noun pair (e.g., *yellow balloon*) using his/her photo card. Give one point for each correct adjective-noun pair. Player may have up to three adjective-noun pairs per photo card. Play continues in turn. Player with the most points wins!

4. **Story Change:** Give one photo card to each player. Each player must make one change of their choice to his/her photo (Instead of the girl eating the *apple*, the girl is eating *pizza*). Players write stories using the photo card, BUT they must include the changes they made to their photo.
5. **Action Agent:** Shuffle the deck and place facedown in a pile. Player must identify the agent (subject) and action (verb) represented by each photo. One point for each correct "action agent" identified. Player with the most points wins!
6. **Double Up:** Divide deck in half. Shuffle and place each deck facedown in two piles. Players choose one card from each deck. Players must use both photos in their stories.
7. **More Happened Before:** Shuffle the deck and place cards facedown in a pile. Players choose one card from each deck and write or say what happened before the photo was taken. This game is great for using past tense verbs as well as working with inferencing and sequencing skills.
8. **Draw It:** Shuffle the deck and place cards facedown in a pile. Players choose one card and draw a picture that may have happened before the photo was taken and one that may have happened after. Then, they tell their stories.
9. **Story Challenge:** Shuffle the deck and place cards facedown in a pile. Players choose one card and tell or write as many different short stories as they can about their card. Player with the most stories wins!
