

CHAPTER 4: DÉJÀ VU

CONSPIRACY

Have you ever had *déjà vu*? *Déjà vu* is the sense of having already experienced the current situation. It means “already seen” in French. Perhaps you remember having had the same exact conversation before? Maybe you swear you remember having met a stranger before. These are examples of *déjà vu*. Many people will say these are false memories. But what if they are really memories from the alternate universe? How else can you explain the memories?

Studies show that excessive travel may cause more *déjà vu* experiences. Excessive means a lot.
