ROCK AND ROLL

Jennifer Frances

NASA once sent his 1958 song "Johnny B. Goode" to space. The scientists wanted space aliens to hear rock music!

In 1964, the Beatles led the "British Invasion." The Beatles and many other bands came to the US from England.

Prince was one of the biggest stars ever. His form of rock mixed many kinds of music.

Rock music has changed over the years. It is still popular today.

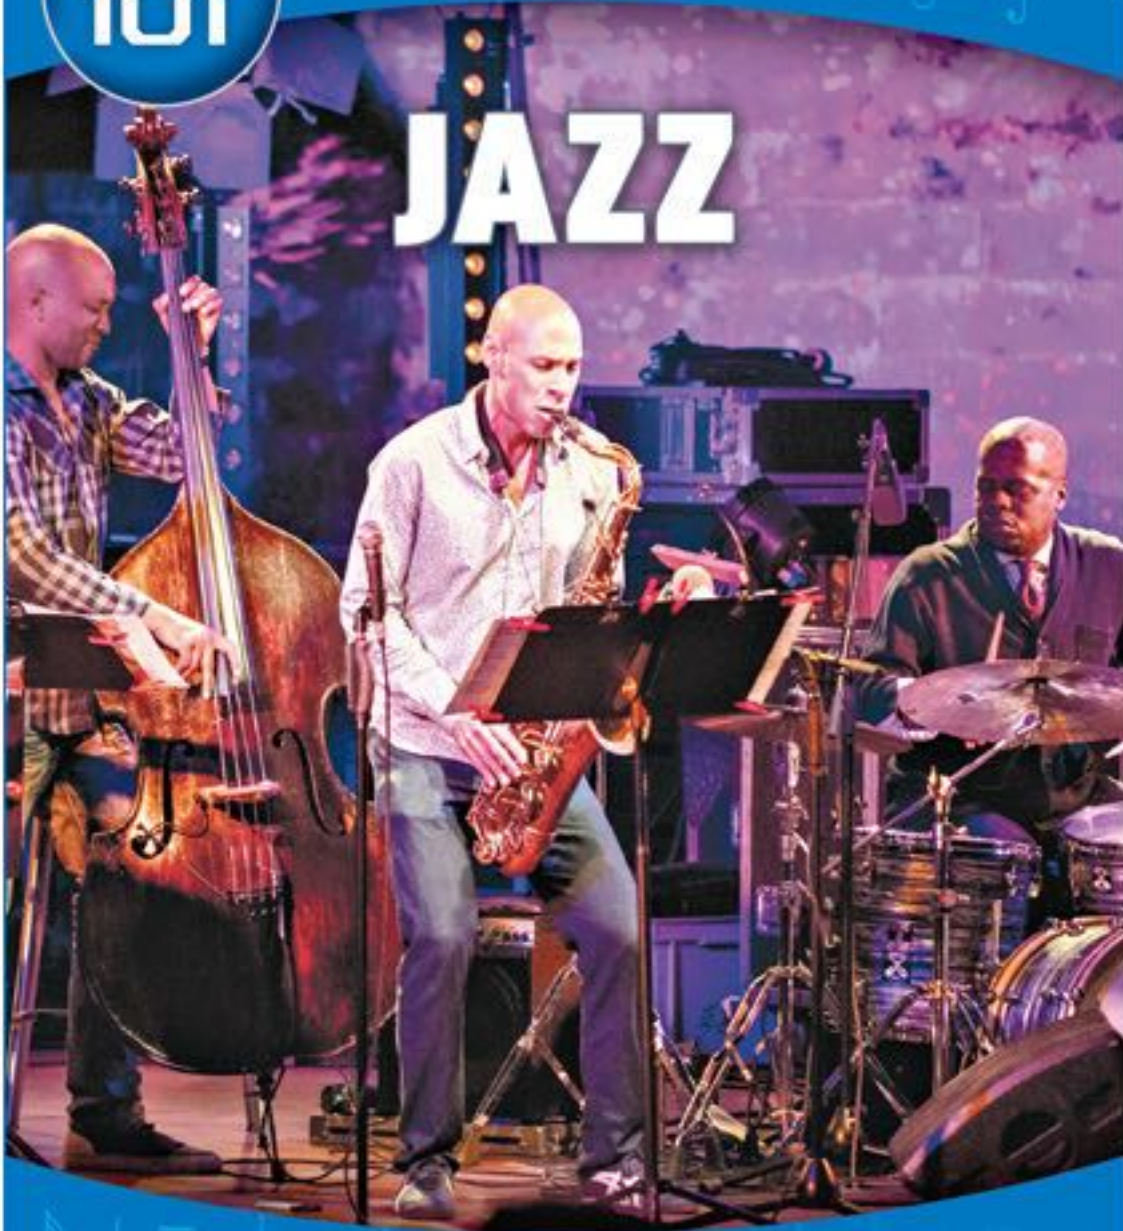

Coldplay is one of today's biggest bands.

MUSIC

JAZZ

Jennifer Frances

Count Basie was a big-band leader. He played piano, too.

“The King of Swing” was Benny Goodman. He played the clarinet.

Pat Metheny
plays fusion.

Since then, jazz has kept changing. *Fusion* blended jazz and rock in the 1960s and 1970s.

Al Jarreau sings
smooth jazz.

Smooth jazz came out of that music in the 1980s. Jazz players today are still making new sounds.
