Welcome to "Webber's Jumbo Articulation Drill Book!" We've designed this drill book to be fun and easy to use. Here are the sounds you'll find: R, R Blends, S, S Blends, Z, L, L Blends, SH, CH, TH (voiced and unvoiced), F, V, K, G, P, B, T, D, J, H, M, N, and Y. Take a look at these fabulous features:

- Reproducible drill lists include initial, medial, and final positions in words at these levels: Picture, Word, Phrase, and Sentence. That's a lot of practice!
- The reproducible picture section for each sound is a bonus for both non-readers and readers! Use them as a coloring activity with sound production. There's no doubt about it, kids love pictures and they love to color!

- The data-keeping boxes (these guys ⇔     ) allow you or a helper to keep track of responses. I like to use this system of scoring so the child doesn't see x marks:

correct response = ✓ (regular checkmark)

incorrect response = ✓ (regular checkmark with small 'tail' hanging at the top)

- Stay organized with the record-keeping form on page ix! Just reproduce the form for each individual. Record the drill pages given and the date given or completed in the appropriate box. Reproduce the Progress Chart on page x for each student!
