

NOT JUST A PRETTY FACE

How is Isis tricky? How does she get more powers?

Isis had it all. She was powerful. She was smart. But she wanted more. She wanted Ra's power. There was only one way to get his power. Isis needed Ra's secret name.

Ra became an old man. He drooled a lot. He was walking across the heavens. His spit fell to the earth. Isis took Ra's spit. She mixed it with dirt. She made a snake. She didn't need her magic. Ra's spit was powerful enough.

Isis put the snake in Ra's path. The snake bit Ra. Ra felt death. He asked Isis for help. Isis said, "I'll heal you. I'll kill the snake. But you have to tell me your secret name."

Ra didn't want to. But he gave in. He felt the poison in his body. He told Isis his secret name. Isis did as she promised.

The great hooded snake is the symbol of all goddesses.
